- INSTITUTIONAL/OFFICE

The illusion expensive...the reality affordable.

Mandy Li Collection encompasses our unwavering desire to offer only outstanding quality in the products we produce and the services we provide to our customers. Each product we manufacture is created to support your design intent and enhance the interior environments to which it is utilized. We understand the importance of providing best-in-class service for our customers so they can be assured their needs are handled with professional personal attention.

Our vast array of high-end products supplying sustainable, tasteful, and economic solutions includes:

- Custom manufacturing of case goods, including furniture, vanity bases, and cabinetry
- Offering custom-manufactured interior doors, sliding barn-style doors and hardware
- An exquisite selection of marble, granite, and our signature FuZion STONE®

Mandy Li Collection is highly focused in the Hospitality, Multi-family, Senior Living, and Institutional/Office industries, ensuring our ability to present unsurpassed elegance to our international and domestic customers. In the past, we have been fortunate to work with some of the top design firms, architects, and hospitality companies in the world. Whether you are a small design firm or a hospitality giant, you will receive the same superior level of customer service. It is important to us that our core values reinforce our desire to be the best in everything we provide. Take some time to explore the following pages to learn a little more about who we are, see what we have to offer, and get inspired for the projects ahead.

Mandy Li Collection wants to be your go-to solution provider, assisting you with your future design projects.

Guided by unquestionable ethics and integrity, Mandy Li Collection creates interior environments where mind and imagination blend seamlessly, dedicated to perfection.

"My main focus has always been to consistently provide complete customer satisfaction through quality products and expert services."

EVOLUTION OF MANDY LI

In 1997, Mandy Li started her business in America as GW Stone, crafting fine products from natural stone and quartz. As the company grew to include more product lines beyond stone, Mandy Li expanded the name identity to GW Gallery Group. Over the years, she built a level of respect for her company by approaching each and every project with honesty, integrity, and ability. One might say Mandy Li made a name for herself because she adheres to those high standards.

Mandy Li's customers know that Mandy personally stands behind the quality and craftsmanship of the products her company manufactures and the services it provides. Mandy reinforced this philosophy by re-branding the company one more time in 2011 to what it is known today as Mandy Li Collection.

Today, Mandy Li Collection is supported by more than 40 dedicated individuals handling the day-to-day operations at company headquarters in Los Angeles, California, with a satellite office in China. Her team comprises some of the industry's top professionals, including a national sales force, estimators, engineering specialists, and project managers who are unmatched in ability and knowledge.

Mandy's staff is dedicated to creating beautiful environments that satisfy all our customers' needs, from project conception to quality completion.

"In this day and age of shabby business, it's so refreshing to work with your company."

– Stiltz Tile LLC

At Mandy Li Collection, we are cognizant of the urgent need to preserve this planet. Preservation starts and ends with our daily operations, including using recycled office products and natural, cruelty-free cleaning supplies where possible, conserving water, and minimizing waste.

Going green means choosing to responsibly commit to manufacturing products that are safe for the planet and all its inhabitants. We take that commitment personally. All materials and processes used in our factories must meet or beat established health and safety standards.

In addition, we continually monitor all the materials used for production in our Chinese factories. Furthermore, we demand that items used are classified as environmentally safe.

GREEN: It's not a phase. It's our future.

*Details and verification of these standards are available upon request.

WE ARE A MANUFACTURER

The quality of service we provide reinforces our high level of commitment to manufacturing exceptional products for all our customers.

We at Mandy Li Collection thrive in ensuring that the highest level of quality is always delivered in all we do. Each project begins at our headquarters in Los Angeles, California. This is where the planning, project management, logistics, and engineering come together for superior production. All our highly skilled employees work hard to oversee the detailed steps of each process, from concept to completion.

We strive to provide only best-in-class products and services to our customers. We understand how important communication and teamwork are to delivering the highest level of service. Proper communication allows us to ensure the design and functionality vision is always met above and beyond expectations. When design or production challenges arise within a project, we face these challenges head-on and provide effective solutions to solve them quickly. Budgets and timelines play a major role in the execution of any case goods manufacturing project. Our project managers work with the purchasing agents with an astute attention to detail in order to ensure the project stays on-track.

The unique relationship between our headquarters in Los Angeles and our manufacturing facilities in China benefits us in numerous ways. This relationship allows for consistent on-time performance, as well as ease of communication flow, for timely response on quoting and order processing. Cross-cultural communication sets us apart from other manufacturers and is critical to the success of your project. We communicate not only in Chinese, but we also ensure the cultural divide is crossed when communicating our customers' requirements to our facilities in China.

Quality control is a key component of any manufacturing facility. We monitor all production, ensuring the product is of consistently high quality. Our engineering specialists are leaders in the industry, and our workers are highly trained. All the equipment is regularly upgraded to ensure we remain at the forefront of advanced manufacturing technologies.

The actual pieces we manufacture from concept to completion are a direct expression of the quality all of us represent at Mandy LI Collection.

“Your ability to keep all discussions on a businesslike basis, and your persistence in promptly resolving all issues, allowed us to complete the project and deliver it to the owner on time.”

– CF Jordan Construction LLC

The details are in the drawings.

Shop drawings are created to provide the clear and complete information needed for precise manufacturing. Each shop drawing is thoughtfully prepared with accurate details to best facilitate the architect's and engineer's instructions. The drawings are detailed in both the English and Chinese languages.

We take a lot of pride in the quality of our drawings and the details encompassing each set to ensure only the best quality and durability are delivered.

EXCEPTIONAL CASE GOODS

Today's interior spaces need to evoke an alluring atmosphere. They require furniture that is visually pleasing, functional in use, and durable enough to withstand daily wear.

Custom manufacturing case goods is definitely one of Mandy Li Collection's core strengths. Our attention to detail, ability to effectively manage projects, and dedication to producing quality manufactured pieces set us apart from our competitors. We pride ourselves in our capacity to manufacture simple to complex designs, earning the trust of our discriminating clientele. We utilize only quality materials backed by durable construction for each and every piece that comes out of our factory.

Our team works diligently with the designers to offer suggestions on design trends, manufacturing processes, material options, and available finishes. We actually have our own line of stone products and wood finishes, enabling us to cut the supply-chain issues that sometimes occur when using outside vendors.

The following pages showcase a small sampling of some of the case goods we have manufactured over the years. We invite you to also visit our website to view more examples in our Installations gallery and our Designer Library.

All of us at Mandy Li Collection love what we do. It's all about seeing a project from concept to completion, and taking pride in the product we have produced. Our passion is what drives us to be an industry leader.

EXPLORE and GET INSPIRED!

We invite you to **explore and get inspired** for your next design project with our Designer Library. It showcases a collection of case goods we have manufactured over the years for our customers in an easy-to-search format. We have created this tool on our website to support designers for inspiration and easy project specification.

The Designer Library tool will continue to evolve, as it will be updated regularly upon completing new projects.

Hospitality Purchasing Consultants*

DOORS DEFINE THE SPACE

Doors afford privacy, while their designs visually complement the interior environment.

We are an experienced interior door manufacturer dedicated to offering high-quality doors with superior durability and enduring style. All our doors are manufactured in our facility, where we guarantee the quality and performance of every door. Our doors are made with the highest quality, hand-selected veneers and lumber. If one of our standard door designs does not satisfy your design vision, we can custom build any door to meet your design needs.

Our made-to-order manufacturing process allows us to build each door to your exact specifications. Our doors are precisely built with design and maximum stability in mind. Each step in the production process has been developed specifically to provide exceptional strength and durability. The quality of our materials and the craftsmanship we employ in producing our doors set us apart from our competitors.

We offer a nice variety of standard wood finishes, and also offer custom matching finishes to help pull all aspects of your interior together visually.

Our collection of hardware includes handles, pulls, hinges, and our signature Track 'n' Glide system for barn door sliders. All our hardware is built with durable materials to ensure long life in the daily wear and tear of their environments. If custom hardware is desired, we will work with you to ensure we meet your design vision.

We are confident our doors will satisfy your needs, from timely delivery to unique style and outstanding durability.

Visit our Products page at [mandylicollection.com](https://www.mandylicollection.com) to view all our available door and hardware options.

“The attention to detail, fabrication and deliveries are first-rate.”

Marriott and Hilton Projects*

Shoji Screen-Style Door

The timeless design of this Shoji screen is expertly crafted into a modern and durable door. This interior door brings a Zen-like elegance to your designs.

Pacific Rim-Inspired Door

Our Pacific Rim door gives an exotic flavor to any space. Delicate yet durable, this door is sure to enhance your interior designed environment.

4-Way Book-Match Veneer Door

The symmetry of this design is created with a rich and lustrous book-matched wood veneer. The door has excellent sound resistance, and its flush design works well in multiple environments.

Double Slimline Barn Door Slider with Track ‘n’ Glide System

Our Double Barn Door Slider boasts a sleek design matched with exceptional functionality. It creates a visually pleasing focal point within any designed interior space. It’s available with our signature Track ‘n’ Glide System, which can be used exposed as an industrial-style element or paired with a matching wood valance for a more traditional design aesthetic.

"...your team provided an excellent package of deliverables including competitive pricing, excellent samples to choose from, on-time delivery of shop drawings, and comprehensive accounting to track containers and their delivery..."

Marble

Granite

FuZion STONE

EXPERTS IN STONE

As pioneers in the stone industry, we are experts and understand all aspects when it comes to supply, fabrication, and installation.

Mandy Li Collection offers a broad range of stone products, from marble and granite to our signature FuZion STONE®. The durability, stain resistance, and luxurious look of stone have made it the popular choice in designing interior spaces. Each type of stone has an enviable palette of colors and textures to suit your design needs. We own and operate our own factories in China, which gives us the unique ability to ensure a high-end product at affordable prices.

TYPES OF CUSTOM STONE SOLUTIONS WE ABLE TO PROVIDE FOR:

- Countertops
- Backsplashes
- Fireplaces
- Desktops
- Tabletops
- Accent Walls
- Bathroom Vanities
- Shower Surrounds
- Entrances

We have the ability to fabricate and install custom sizes and styles to complete the vision you have in mind for your project. Our extensive experience working with contractors and builders on multiple projects makes us a reliable partner, knowing exactly what it takes to get the job done on time and within budget. You can count on us to provide accurate specifications with detailed, easy-to-read shop drawings. Our customer service department will keep you informed every step of the way, from design and specifications to shipping and installation.

Request our **Finishes Sample Swatch Book** from your sales representative.

Due to our product being comprised of natural materials, physical samples need to be viewed to properly evaluate color tones and grain or pattern. Natural variations in color, pattern, distribution of pattern, and pattern size are inherent, and further enhance the overall natural beauty of our product. Our natural stone (quartz) products are not seamless; seams are visible. Where there are seams, the product pattern and shape can be different. These naturally occurring variations do not affect the performance or quality for product reject or replacement.

Marble holds an inherent beauty unlike any other stone. It creates the feeling of luxury and refinement wherever it is used.

Shown is only a selection of what we offer. Visit the **Finishes** page on our website at **MandyLiCollection.com** for our full selection.

GRANITE

Granite is a naturally made stone that holds subtle to vibrant tones in its color, grain, and pattern. The natural variations enhance the overall beauty of the natural stone product. Granite creates a focal point wherever it is used, and complements the surrounding aspects of the environment.

Shown is only a selection of the colors and textures we offer. Visit the **Finishes** page on our website at MandyLiCollection.com for our full selection.
