#### Physical Sample Requests

Contact your MLC Sales Representative or call our corporate headquarters to request physical samples to be sent to you. Samples subject to availability.

#### Variation Disclaimer

Due to our product being comprised of natural materials, physical samples need to be viewed to properly evaluate color tones and grain or pattern. Natural variations in color, pattern, distribution of pattern, and pattern size are inherent, and further enhance the overall natural beauty of our product. Our natural stone (quartz) products are not seamless; seams are visible. Where there are seams, the product pattern and shape can be different. These naturally occurring variations do not affect the performance or qualify for product reject or replacement.

#### Print Disclaimer

Printed samples shown are a representation of the stone or finish. Color matching is not exact due to limitations of the printing process. Please request a physical sample of the swatches you're interested in before placing an order.
