Our practice thrives on collaboration with artisans and manufacturers who share our commitment to excellence. In working with the Mandy Li Collection on the Global Ambassador, our custom furniture designs were brought to life with precision and care. Every element— from structural integrity to the refinement of finishes— reflects a seamless dialogue between design intent and expert craftsmanship. The result is not just furniture; it's a collection that enhances interiors and embodies the spirit of our studio: visionary design, beautifully crafted. We are thrilled with the outcome and grateful for this partnership.
